Access more than 18,000 Public D&O cases for insurance and risk analysis

Advisen's Public D&O database is a proprietary relational database of information about various events relating to directors and officers liability affecting public companies that have or could result in significant financial judgments or loss to directors, officers, and corporate entities.

This database includes more than 18,000 cases, over 700 of which were brought outside of the United States. It includes events that have stemmed from numerous risks, among them:

- Shareholder Risks
 - Securities Class Action
 - Merger Objection
 - Derivative Shareholder Action
 - Securities Individual Action
- Corporate Capital Risks
 - Capital Regulatory Action
 - Books & Records
 - Wells Notices
- Business Practices Risks
 - Foreign Corrupt Practices Act
